

Wellington Hotel New York - Lucille Yokell [youaretube.com]

Travel radio, Australia and television and we are here at the world travel market in London and my special guest is Lucille Yochul and she's the director of sales and marketing at the Wellington Hotel in fabulous New York City and Lucille welcome to the program. Thank you it's so nice to be here it's my first time. Excellent and Lucille tell us a bit about the Wellington it's such a beautiful hotel it's very historic and I believe it's a favorite of some terrific people.

It's a favorite of a lot of people because location location location. Yes that's right and you're near everything for people who've never been around New York before what are some of the famous places that you can get to from the from the Wellington Hotel? One minute Broadway a minute and a half Carnegie Hall, three minutes Central Park, four minutes MoMA, six minutes Rockefeller Center and Radio City Music Hall that's if you walk slow. Wow that's and and on the way you can see all these fabulous people and and I believe around that area in the around the 7th Avenue area it's very good for celebrity spotting too.

Would you see some people from the TV and movies around there as well I should imagine they hang around. You do but they're there all the time so they're neighbors and you don't bother them. Yeah sure but you'd see them around wouldn't you occasionally yeah what are some of your favorite hangouts near the hotel that people can can hang out at I believe there's some great restaurants but but you probably have your own inside the hotel as well.

We have two restaurants in the Wellington the Park Cafe and the Park Cafe is open from 6 a.m. to 2 a.m. every day you can have breakfast until midnight. That's excellent and there's another one as well. Mollivos it's a fine dining Greek restaurant award-winning and we have friends and neighbors we have a hundred restaurants within a five-minute walk.

Wow that's awesome and I believe there's a little television presenter who people might know and he's he's on the news and all the time and I believe it is one of the places he stays. Tell us a bit about that. Yes before he lived in New York Richard Quest used to stay with us all the time and he really enjoyed breakfast in the Park Cafe.

That's a bit noisy we've got some Caribbean dancers and singers all getting ready to fire up there and before that happens how can people find out more about the Wellington online? Well of course wellingtonhotel.com or they can write to location location location at wellingtonhotel.com. Thank you very much our special guest this week it's Lucille Yochul from director of sales and marketing at the Wellington Hotel New York City it's on 7th Avenue please come and have a visit. Thank you so much and you come for sure. Thank you very much and we'll see you there.
